

MATERIAL SCIENCE & ENGINEERING

HOOPER, Justin **Research Assistant Professor**
 801-585-7719 j.b.hooper@utah.edu 206 CME

KOOPMAN, Mark **Research Assistant Professor**
mark.koopman@utah.edu (off campus)

Metallurgy; Materials Characterization; Electron Microscopy; Mechanical Testing; Composites; Syntactic Foams; Photocatalysis; EFRC Program and Education Manager

SARSWAT, Prashant **Research Associate Professor**
 801-581-6863 prashant.sarswat@utah.edu 2474 MCE

Thin Films; Solar Cells; Raman Spectroscopy; Quantum Dots; Photoelectrochemistry; Functional Materials

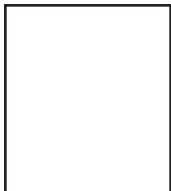

Sun, Pei **Research Associate Professor**
 801-581-6031 pei.sun@utah.edu 412 WBB

Powder Metallurgy; Additive Manufacturing

WANG, Xuming **Research Professor**
 801-585-1797 xuming.wang@utah.edu 101 WBB

Flotation Chemistry; Spectroscopy Analysis at Surface and Interface; Industrial Mineral Processing; Wastewater Treatment; Gypsum Dehydration/Rehydration Processing

Zhou, Chengshang (Shawn) **Research Assistant Professor**
 801-581-6863 chengshang.zhou@utah.edu 507 WBB

Metal hydride materials, Solid-state hydrogen storage, Metal powder based additive manufacturing, Refractory materials powder metallurgy
